# Artists GALLERY GROUP Calaveras 2010

*Seasons change* and wonders abound to inspire the incredibly talented artists who reside in the breathtaking Sierra foothills of Calaveras County. Here, an extremely active and ever blossoming **Gallery Group** gather to share ideas, techniques and to exhibit fine art for sale in the historic community of San Andreas at **Gallery Calaveras**. This talented bunch has been busy creating new pieces for the exhibits that will embellish the interior of the Calaveras County Arts Council's domain. From the golden rolling hills of Copperopolis and Valley Springs to the majestic Ebbetts Pass Scenic Byway, Calaveras Artists find concepts for their works from the awesome forests, ranches, vineyards and historic small towns. Plan a relaxing journey through the lovely foothills and travel back in time when you visit the gold-rush towns of the Mother Lode making **Gallery Calaveras** a priority stop.
